At the end of this tutorial you will be able to,

Objectives

At the end of this tutorial you will be able to,

- ▶ **Retrieve your IPython history.**

Objectives

At the end of this tutorial you will be able to,

- ▶ **Retrieve your IPython history.**
- ▶ **View a part of the history.**

Objectives

At the end of this tutorial you will be able to,

- ▶ **Retrieve your IPython history.**
- ▶ **View a part of the history.**
- ▶ **Save a part of the history to a file.**

Objectives

At the end of this tutorial you will be able to,

- ▶ **Retrieve your IPython history.**
- ▶ **View a part of the history.**
- ▶ **Save a part of the history to a file.**
- ▶ **Run a script from within IPython.**

System Specifications

System Specifications

- ▶ **Ubuntu Linux 14.04**

System Specifications

- ▶ **Ubuntu Linux 14.04**
- ▶ **Python 2.7.6**

System Specifications

- ▶ **Ubuntu Linux 14.04**
- ▶ **Python 2.7.6**
- ▶ **IPython 4.0.0**

Prerequisites

To practice this tutorial, you should know how to

Prerequisites

To practice this tutorial, you should know how to

- ▶ **use Plots interactively**

Prerequisites

To practice this tutorial, you should know how to

- ▶ use Plots interactively
- ▶ and embellish a plot

Prerequisites

To practice this tutorial, you should know how to

- ▶ use Plots interactively
- ▶ and embellish a plot

If not, see the pre-requisite Python tutorials on <http://spoken-tutorial.org>

Assignment 1

- ▶ Find out how to list the recent commands between 5 and 10.

Assignment 2

- ▶ Use `%history` and `%save` to create a script that has the function `show()` in it. Run the script to produce the plot and display the same.

Summary

In this tutorial, we have learnt to,

- ▶ Retrieve the history using `%history` command.
- ▶ View only a part of history by passing argument to `%history` command.

Summary..

- ▶ Save the required lines of code in the required order using `%save` command.
- ▶ Use `%run -i` command to run a saved script.

Self Assessment 1

- ▶ How do you save the command lines

2 3 4 5 7 9 10 11

- ▶ `%save <filename> 2-5 7 9-11`
- ▶ `%save <filename> 2-11`
- ▶ `%save <filename>`
- ▶ `%save 2-5 7 9 10 11`

Self Assessment 2

- ▶ Which is the command to run the script?
 - ▶ `%execute <script name>`
 - ▶ `%run -i <script name>`
 - ▶ `%run <script name>`
 - ▶ `%execute -i <script name>`

Solution for the self assessment questions

► **%save <filename> 2-5 7
9-11.**

Solution for the self assessment questions

- ▶ `%save <filename> 2-5 7 9-11.`
- ▶ `%run -i <scriptname>.`

Forum to answer questions

- ▶ Do you have questions in **THIS Spoken Tutorial?**
- ▶ Choose the minute and second where you have the question.
- ▶ Explain your question briefly.
- ▶ Someone from the **FOSSEE** team will answer them. Please visit

Forum to answer questions

- ▶ Questions not related to the Spoken Tutorial?
- ▶ Do you have general / technical questions on the Software?
- ▶ Please visit the FOSSEE Forum
<http://forums.fossee.in/>
- ▶ Choose the Software and post your question.

Textbook Companion Project

- ▶ The FOSSEE team coordinates coding of solved examples of popular books
- ▶ We give honorarium and certificate to those who do this

For more details, please visit this site:

<http://tbc-python.fossee.in/>

Acknowledgements

- ▶ **Spoken Tutorial Project is a part of the Talk to a Teacher project**
- ▶ **It is supported by the National Mission on Education through ICT, MHRD, Government of India**
